Category	Score	Description	Profile
Accuracy In English	0	Measures expressive and receptive language skills and seeks to understand the ability of a person to translate ones thoughts and intent into its articulation with the correct use of grammar, spelling and punctuation.	Although can speak sentences, may not be able to make a conversation in English. Can communicate in simple and routine tasks requiring a simple and direct exchange of information on familiar and routine matters. Able to answer simple questions.
English Comprehension	20	Measures expressive and receptive language and the ability to infer verbal information accurately. Organize and express ideas concisely and clearly both verbally and in written work.	Can understand sentences and frequently used expressions related to areas of most immediate relevance. Understand English in short sentences, mainly as Questions and Answers . May not able to express ideas completely in English.

Verbal Reasoning	0	Measures the ability of how well a person can communicate and reason with words.	Can comprehend simple concepts framed in words. However may face difficulty in performing complex reasoning with words.
Abstract Reasoning	0	Measures the ability to identify the underlying logic of a pattern and then determine the solution. As questions are independent of educational experience and cultural background, it can be used to provide an objective indication of intellectual potential.	Can work on concrete concepts. However, may face difficulty in working out new concepts and complex abstract ideas.
Logical Reasoning	0	Measures a person's ability to make logical decisions.	Tendency towards thinking based on emotions. May experience difficulty in making judgments, reasoning, and other forms of dynamic thinking to reflect the objective reality of some rational knowledge .
Numerical Reasoning	0	These questions provide information about a person's ability to use numbers even if this is not a major part of the job.	Can perform basic logical interpretation of numerical and statistical information.
Social Skills	0	Measures understanding of oneself and others, relating well to people, being assertive and adapting to and coping with the immediate surroundings to be more successful in dealing with environmental demands.	Are socially reserved and may experience discomfort in social situations. Hesitate in initiating social contact, asserting self and may be intimidated by authority. Prefer to be on your own and may not stand up for your point of view.
Team Work	34	Measures team versus individual orientation and provides a glimpse into an important aspect of what motivates a person at work i.e. - preferred work orientation.	Recognize team goals and accept these goals by working cooperatively with other team members. Practice followership by taking direction and responding appropriately to feedback.
Emotional Intelligence	8	Measures the awareness of and ability to manage one's	Prioritize emotional thinking by directing attention to important

		emotions in a healthy and productive manner. Also the ability of how well we handle ourselves and manage the emotions of one's self, of others, and of groups.	information. May experience difficulty on how best to motivate self to overcome obstacles and reach your goals. Hesitate in dealing with own emotions and those of others. May find social interactions difficult at times, for several reasons.
Self Management	12	Measures a person's conscientiousness, initiative, adaptability and drive to succeed and also the ability to use time productively, which involves staying organized, working smarter rather than faster, and avoiding potential time-wasters.	May experience some difficulty in displaying the necessary skills for maximizing time usage productively. For effective performance you would prefer to work under supervision and would prefer not take on responsibility.
